Re: L1631210001 - St. Clair County
Sauget Sites Area 2

Superfund/HRS

Dear Ms. Vega:

As per our telephone conversation this morning, I am transmitting the final copy of the Sauget Sites Area 2 CERCLA Expanded Site Inspection Report to your office. The report reflects the requested changes which you requested in an earlier memo.

The cover of the report lists one ILD number for the area, however, there are actually five sites total in the aggregated area: Site O - ILD000672329, Site P - ILD984809293, Site Q - ILD000605790, Site R - ILD980606982. The report also contains brief information concerning another site which we hope to have added to the area once it has been listed on CERCLIS: Site S, a drum disposal area only recently discovered.

Hopefully, this report and cover letter will satisfy the reporting requirements for your review. If you have any questions or comments concerning this transmittal, please do not hesitate to call.

Sincerely,

A handwritten signature in cursive script that reads "Kimberlee Hubbert Hollis".
